

LEGAL MATTERS

April
2020

Your Legal Benefit is Action

Although most offices and courts are closed except for emergencies, the Legal Fund, working remotely, remains open for business to provide all needed services to our Members. Legal Fund Attorneys are representing Members in many court hearings via Skype and telephone; negotiating settlements for Members with opposing attorneys in all covered court cases including family, divorce and credit matters; preparing and filing bankruptcy petitions electronically; conducting real estate closings on purchases, sales and refinances and speaking with many Members to conduct client case intakes for new cases. Our Members are being kept current on an ongoing basis as to the status of their covered matters. The Legal Fund has also prepared many new wills requested by our Members and can arrange for “remote” signature of the wills, supervised by an Attorney to ensure compliance with legal requirements.

Family Matters

Our Family unit continues to operate remotely during these changing times. Intakes are being performed over the telephone and can be scheduled during a time and day that is convenient for your schedule. We continue to provide advice and representation on all covered family matters.

Do you have questions about a support payment, custody/visitation schedule, adoption petition, or another Family-related area? Please call us at your earliest convenience.

The Legal Fund is here to serve you. Do not hesitate to contact us at **800-551-3225**. The Pandemic will not stop us from providing the representation you need.

Immigration Questions?

Call the Legal Fund about your Immigration matters. We are conducting interviews with clients over the telephone and preparing, reviewing and exchanging documents electronically to prepare and, where possible, file your petitions. Have questions about filing a petition, the status of your case due to COVID-19, changes in Immigration law or policies? Call **800-551-3225** now to schedule your appointment.

CALL MEMBER SERVICES AT 800-551-3225 to make an appointment to see a lawyer at no cost to you.

If you have a legal concern, only a lawyer who knows the specific facts of your case can give you advice.
