

# Travel Alert for Non-Citizens with Criminal Records

---

As Immigration authorities continue to scrutinize people's immigration backgrounds, past criminal records of non-citizens are being closely monitored.

Any individual with a criminal record should call the Legal Fund before leaving the United States, so that we can advise you of any potential consequences with Immigration when you attempt to return to the United States.

Please have copies of any criminal records or certificates of disposition available when you call.

The Legal Services Fund may be reached at 1-800-551-3225. Monday – Friday: 8:30AM – 5:00PM
